

# 40-Gallon Gas Carrytank

## JDI-AGT40

### NOTABLE FEATURES

- Rugged linear polyethylene construction
- 12-volt transfer pump delivers fuel at 10 gallons per minute
- Integrated forklift pockets for moving when full
- Molded handles make it easy to lift and carry when empty
- Integrated recesses for securing tank with ratchet straps during transport
- Internal baffles to prevent sloshing during transport

Easily transport and transfer gasoline or Diesel Exhaust Fluid (DEF) wherever its needed! Designed to fit within the bed of a pickup truck and below the height of the truck bed sides, these Low-Profile Carrytanks provide the convenience of a portable refueling station for farm, construction, recreational, industrial and fleet markets.
